2 X Siemens STT- 400-Steam Turbine 65 MW

2 × Unused Siemens SST-400 Steam Turbines | 2011 | Shanghai, China

We are providing the preliminary offer, the Siemens SST-400 brochure, and the seller's photographs for your review.

The opportunity is for **two Siemens SST-400 industrial steam turbines**, manufactured in 2011, located in Shanghai, China. The seller has stated that the units are unused, have never been installed or commissioned, and that the seller owns them and is authorized to sell them.

The price is **USD 750,000 per unit if taking both** . The generators are not included.

The photographs are dated **26 May 2026**. The equipment has remained at the same location since that date; it has not been moved, and there have been no changes.

- We have now provided the information and materials requested for the buyer's initial review.
- When sending us a response, include confirmation of interest and the buyer's basic project requirements.
- If the buyer wishes to proceed, Step 2 will be:

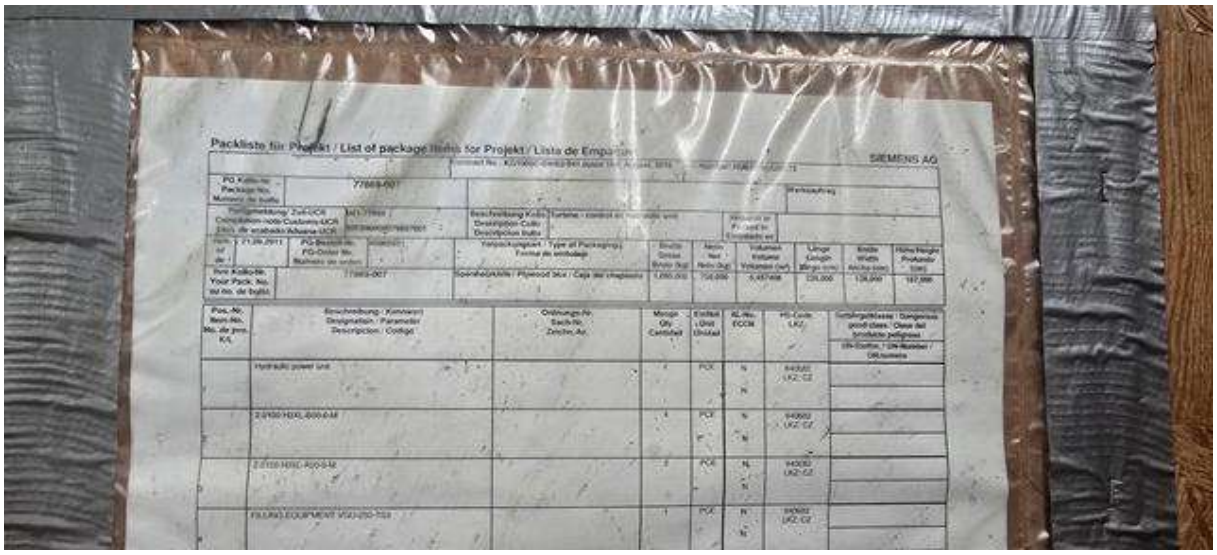

1. Execution of confidentiality and non-circumvention agreements.
2. Verification of the buyer's identity, purchasing authority, and proof of funds into escrow.
3. Escrow will review of the seller's ownership and authority documents, together with the unit-specific technical and title documentation.
4. Agreement on an independent inspection and the next transaction steps.
